

## **Erissos Fish Farm is offering Internships at the Department of Business Realization**

### **About us:**

Erissos Fish Farm is a boutique family business operating in the aquaculture industry. For more than 20 years we have been conducting our business with respect to the environment and the community and an absolute focus in delivering products of superior quality to our customers. We are a small firm comprised of people passionate about our work and the industry and we are constantly striving for excellence in every aspect of our operations.

Our production site is located at the beautiful island of Kefalonia and our headquarters are in the commercial centre of the city of Patras, Hellas. As primarily an export company, our commercial model is based on building partnerships with a select group of wholesale businesses around the world.

### **About the internship:**

We are offering two positions at the Department of Business Realisation for interns who are looking to expand their understanding of business and gather hands on experience in the management of core business functions.

During the program you will be exposed to a wide spectrum of Principal Business Operations and will provide support in the management of core business tasks.

As an intern at the Department of Business Realisation you will be based at our modern headquarters in the city of Patras close to all the amenities that the commercial center has to offer.

The interested candidate will need to demonstrate the following minimum qualifications:

- A good academic track record;
- Strong analytical and problem solving ability;
- Strong computer skills and experience with applications of the MS-Office Suite;
- Strong communication and team work skills;
- Experience with working in teams under tight deadlines;
- A genuine interest in business and a balanced understanding of the dynamics of the aquaculture industry; and
- Fluency in both written and spoken Greek and English.

### **The firm offers:**

- Significant learning opportunities via a structured internships program;
- The opportunity to work with experienced professionals on managing core business functions; and
- A friendly and highly professional working environment that will help you to foster and develop your skills.
